

Kingston SDHC Class 10

kingston.com/flash

Faster speeds to capture
more continuous shots and HD video.

Kingston's SDHC Ultimate Class 10 is designed for amateur and professional photographers who need faster speeds to keep pace with their evolving equipment. It allows users to easily capture sequential shots that used to be a challenge due to the speed limitations of memory cards.

With speeds up to 20MB/s read and 15MB/s write, the SDHC Ultimate Class 10 is ideal for anyone who uses their digital equipment for serious photography or video and makes it easy to capture HD video. It's available in 8GB, 16GB and 32GB capacities to capture up to 252 minutes* of HD video.

Use Kingston's SDHC Ultimate Class 10 with your digital camera and you'll never miss a shot, whether you're photographing your favorite musician in concert or taking photos on vacation in the Caribbean.

The SDHC Ultimate Class 10 is covered by a lifetime warranty, 24/7 tech support and legendary Kingston® reliability.

Features/Benefits:

- **Capacities**** — 8GB, 16GB, 32GB
- **Dimensions** — 0.94" x 1.25" x 0.08" (24mm x 32mm x 2.1mm)
- **Weight** — 0.09 oz. (2.5 g)
- **High-Speed Class Rating** — Class 10: 10MB/s minimum data transfer rate
- **Performance** — 100x = up to 15MB/s write
- **Operating Temperature** — -13° F to 185° F (-25° C to 85° C)
- **Storage Temperature** — -40° F to 185° F (-40° C to 85° C)
- **Voltage** — 3.3V

- **Simple** — as easy as plug-and-play

Kingston SDHC Part Numbers:

SD10G2/8GB, SD10G2/16GB, SD10G2/32GB

* Actual recording time will vary based upon camera model, selected resolution, compression settings and the content being recorded. Some host devices may not support all of the Flash storage capacities listed. Consult your device's owner's manual for supported capacities.

** Some of the listed capacity on a Flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Guide at kingston.com/flash_memory_guide.
